On the front of the coin, the Red, White and Blue signifies that the signing of the Mayflower Compact was the seed that led to the creation of the **greatest nation the world has ever known**

E PLURIBUS UNUM... "From many, one"

The United States of America is the most diverse nation in the world, in culture, language, race, and religion

All of the blessings of our Judeo-Christian foundation, which must be restored

We cannot save the nation at this point, only God can, but we can prepare ourselves and our fellow citizens, that will allow God to act on our behalf
